Project Description

Description Frase (max. 500 characters):

Si intende rendere operativa una Flipped Classroom in un corso serale di un istituto tecnico per meccanici, nell'ambito dell'apprendimento della Lingua Inglese. Gli apprendenti vengono da precedenti insuccessi scolastici, dal precoce abbandono, dal mondo del lavoro. Il setting sarà l'Aula 3.0 e le modalità di studio e apprendimento saranno attuate sia in ambiente formale (Aula didattica 3.0), sia informale (Flipped Classroom), utilizzando materiali autentici dal Web e seguendo un iter che prevede: condivisione in presenza e in remoto di lezioni di lingua inglese (Grammar e English for Special Purposes - ESL), utilizzo dei propri dispositivi in aula (BYOD) e di materiali multimediali, frequenti e concordati momenti di feedback e di valutazione, compreso il self assessment attraverso quiz e test a scelta multipla in autocorrezione e successiva condivisione.
