The photo and video coverage of the ninth edition of the **Global Junior Challenge** [1] was produced by students from the **Cine Tv Roberto Rossellini** [2], a Roman school headed by **Maria Teresa Marano**.

Over the course of the three days, various teams were at work, coordinated by **Maja Pensavalle** (17) with the help of Flavia Coman, Beatrice Barbanera, Silvia Ridoni, Carolina Benedetta Delaini and Giulia Ianuzzella. Activities were supervised by Prof. **Marco D'Innocenti**. The activities were part of Project "Quasi Reporter" (Nearly Reporters) as part of the course on transversal competences for orientation (former school-work programme).

A special thanks goes to the school, its Headmaster and the coordinating professor, as well as the students, for their commitment and precision in facing this challenge.
