Descrizione del progetto

Description Frase (max. 500 characters):

Breaking barrier to education using online video technology.

Project Summary (max. 2000 characters):

Dominic Nsikan a serial social entrepreneur and the founder of TechClass Nigeria one of the fastest growing online video contents service providers for teachers and students in Northern Nigeria. My project utilizes the power of online video technology to provide top quality educational materials and real time online classes through YouTube and Skype to teachers in

Yobe, Maiduguri, Gombe, Damaturu, Zaria and other Boko Haram insurgence communities where there are little or no access to quality textbooks, training manuals and research facilities as a result of the over three years of continues destruction of educational facilities by the activities of the radical Islamic terrorist group Boko Haram.

Obiettivi ed elementi di innovazione

TechClass Nigeria aims to bridge the barrier to quality education as the result of over three years of massive destruction to educational materials and facilities by the Islamic sect Boko Haram in northern part of Nigeria. This project aims to propel progress towards sustainable development in the area of education focusing its activities mainly in northern Nigeria before replicating it to other part of the country. TechClass utilizes quality online video-training for teachers and also providing them with access to over 2000 quality educational material online.
