Descrizione del progetto/Describe the project : I am History / Geography teacher at Pui Gymnasium. I am part of the European Schoolnet working group that is part of the European Digital Schoolnet (DSI) 4 project, where we create and implement a digital learning platform @ Europeana.eu. DSI - Europeana Digital Schoolnet (DSI) 4 project. <https://pro.europeana.eu/project/europeana-dsi-4> Pui. The project approaches require the use of online tools that become a challenge for both students and teachers. Within the Europeana Digital Schoolnet (DSI) 4 project, 10 countries are involved. In Romania 10 teachers and a digital learning role in this team is to encourage teachers from Romania to use digital resources within the course hours by offering them models of online learning scenarios on the platform @ Europeana.eu. For example, teachers can create digital learning scenarios, including Europeana resources. In Romania, digital resources are implemented in classes by teachers using digital tools. The platform @ Europeana.eu offers millions of digital resources that turn the course hours into a virtual journey in the history of Europe. The platform that offers free access to over 57 million resources, including archives and libraries. The purpose of the platform is to promote digital heritage. <https://teachwittheuropeana.eun.org/about-the-project> The creativity of the project: Both students and teachers can create digital million works of art, artifacts, books, video and audio resources. / impact of the activity at the student level: The issues of digital homophobia, protecting the rights of students and combating antisemitism.
