Kendin Yap Movement

Tipologia dell'ente/Kind of organization: Public Organization

Nome dell'ente che lo ha realizzato/Organization-institute presenting the project: Zafer Development

Regione/Region: TR33 Region

Paese/ Country: Turkey

Città/City: Afyonkarahisar, Kütahya, Manisa, Uşak

Descrizione del progetto/Describe the project : The Kendin Yap Movement was initiated by the Zafer Development Agency to develop the algorithmic thinking, robotic coding, design, productivity and creative capacities of children aged 6-14 in the TR33 Region, Afyonkarahisar, Manisa and Uşak provinces. The Agency launched a program to be implemented systematically with the participation of the public, university, private sector and non-governmental organizations. The New Generation Financial Support Program for Turkey is a TL budget fund prepared by our Agency for the projects of national education in the TR33 Region for the development of the "Kendin Yap Movement" concept. Our Agency will provide 1000 TL and at a rate of 90% per project and the project will be implemented in cooperation with regional actors (universities, organizations and organized industrial zones).

Categoria del progetto/Project category : Educazione fino ai 15 anni/Up to 15 years

Uso delle tecnologie / Use of technologies: Stations: Afyonkarahisar: General robotics coding station National technology station Kütahya: Mobile application development station, Arçelik mini garage station Manisa: Mobile application station, Arçelik smart production station, Microcontroller station Uşak: General robotics coding station, Habitat social entrepreneurship station Technologies: Education materials and software, robotics equipment and software, STEM equipment, 3D printer, scanner, VR equipment Digital content (in general, mobile applications)

Indicare gli elementi di innovazione del progetto / What are the innovative aspects of the project?: The Kendin Yap Movement is a project in Turkey. Also, The Kendin Yap Movement is a project in Turkey.

and international non-governmental organizations. A Cooperation Protocol for the Development of Design, Innovation and Productivity Capacity of School-Age Youth was signed between our Agency and TR33 Provincial Directorates of National Education on 21 November 2018. The main elements that differentiate YENEP and Kendin Yap Movement from standard maker or coding workshops are; *The provinces / districts where workshops are set up are chosen and built so that they match with industry, agriculture, tourism and other similar sectors, *To create a qualified teams of trainers to be engaged in these workshops, *To create innovative training programs and materials in these workshops and *To prepare a curriculum proposal for the national education system It is aimed to create sector themed stations where sponsors and volunteer mentors are involved, and to name these stations after relevant supporters.
